The Meeting, deliberating under the quorum and majority conditions required for ordinary general meetings, having reviewed the Board of Directors' report, authorises the Board of Directors, with the power to sub-delegate, under the conditions set out in Articles L. 22-10-62 et seq. of the French Commercial Code, to purchase shares of the Company under a share buyback programme.

The Meeting resolves that:

- the maximum purchase price (excluding fees) per share is set at €100; and
- the maximum amount of funds allocated for the implementation of this share purchase programme shall not exceed an amount equal to the product of the maximum price of €100 above multiplied by the maximum number of shares representing 10% of the share capital of the Company at the date of the Meeting.

The Meeting delegates to the Board of Directors, with the power to sub-delegate under the conditions set out in Article L. 22-10-62 of the French Commercial Code, in the event of a change in the par value of the share, a share capital increase by capitalisation of reserves, an allotment of bonus shares, a subdivision or consolidation of securities, a distribution of reserves or any other assets, a redemption of share capital or any other transaction affecting equity, the power to adjust the aforementioned purchase price in order to take into account the impact of such transactions on the value of the share.

The Meeting resolves that the purchases of shares of the Company may relate to a number of shares such that:

- the maximum number of shares that may be purchased pursuant to this authorisation shall not exceed 10% of the total number of shares comprising the share capital of the Company and, with respect to acquisitions made with a view to retaining and subsequently delivering them as payment or in exchange in the context of a merger, demerger or contribution, 5% of the total number of shares comprising the share capital of the Company, it being specified that: (i) these limits apply to an amount of the Company's share capital that will, where applicable, be adjusted to take into account transactions affecting the share capital after the Meeting, and (ii) where shares are repurchased to promote liquidity under the conditions defined by the general regulations of the Autorité des marchés financiers, the number of shares taken into account for the calculation of the 10% limit above corresponds to the number of shares purchased, less the number of shares resold during the term of the authorisation; and

- the acquisitions made by the Company shall in no event result in the Company holding, at any time whatsoever, directly or indirectly, more than 10% of its share capital.

This authorisation is intended to allow the Company to pursue the following objectives, in compliance with applicable laws and regulations:

- a) to retain the shares of the Company that have been purchased and subsequently deliver them in exchange or as payment in the context of any potential external growth transactions, mergers, demergers or contributions, in compliance, in particular, with stock exchange regulations;
- b) to deliver shares upon the exercise of rights attached to securities giving access to the share capital of the Company;
- c) to allot shares to employees or corporate officers of the Company and its subsidiaries under the conditions and procedures provided by law, in particular in connection with free share allotments, profit-sharing, share purchase option plans or through a company savings plan;
- d) to ensure the liquidity and market-making of the Company's securities, such market-making being carried out by an investment services provider acting under a liquidity agreement in accordance with the code of conduct recognised by the Autorité des marchés financiers;
- e) to cancel all or part of the repurchased securities, subject to the adoption of the 12th resolution below; and
- f) to accomplish any other purpose that is authorised or that may come to be authorised by law, or recognised or that may come to be recognised as a market practice by the Autorité des marchés financiers, it being understood that in such event, the Company will inform its shareholders by way of a press release.

The Meeting resolves that these purchase, sale, exchange or transfer transactions may be carried out by any means, i.e. on a regulated market, on a multilateral trading facility, through a systematic internaliser or over the counter, including by way of acquisition or sale of blocks, or by use of financial instruments, in particular derivative financial instruments traded on a regulated market or on a multilateral trading facility, through a systematic internaliser or over the counter, or by use of warrants, under the conditions permitted by the applicable laws and regulations in force at the date of the relevant transactions and at such times as the Board of Directors or the person acting on delegation from the Board of Directors shall determine. The maximum proportion of the share capital acquired or transferred in the form of blocks of securities may reach the full amount of the programme.

Furthermore, the Meeting grants all powers to the Board of Directors, with the power to sub-delegate under the conditions set out in Article L. 22-10-62 of the French Commercial Code, to decide on and implement this authorisation, to specify its terms if necessary, and in particular to place all stock exchange and off-market orders, to allocate or re-allocate the shares acquired to the various objectives pursued in accordance with applicable laws and regulations, to enter into all agreements, in particular for the purpose of maintaining registers of share purchases and sales, to carry out all formalities and filings with all bodies, in particular the Autorité des marchés financiers, and, generally, to do everything necessary in connection with the transactions carried out pursuant to this authorisation.

The Meeting also grants all powers to the Board of Directors, should the law or the Autorité des marchés financiers come to extend or supplement the authorised objectives for share buyback programmes, for the purpose of informing the public, under applicable laws and regulations, of any amendments to the programme relating to the amended objectives.

The Meeting resolves that the Board of Directors may not, without prior authorisation from the Meeting of shareholders of the Company, make use of this authorisation during a public offer initiated by a third party in respect of the Company's securities, and this until the end of the public offer period.

This authorisation is granted for a period of 18 months from the date of the Meeting. This authorisation supersedes, with effect from this day, any prior authorisation having the same object. It therefore supersedes the authorisation granted by the general meeting of 10 June 2025 under its 7th resolution.

This authorisation supersedes, with effect from this day, any prior authorisation having the same object. It therefore supersedes the authorisation granted by the general meeting of 10 June 2025 under its 16th resolution.

Resolution No. 13 – Delegation of authority to the Board of Directors to increase the share capital by issuing shares and/or equity securities giving access to other equity securities and/or entitling to the allotment of debt securities and/or securities giving access to equity securities to be issued, with preferential subscription rights maintained

The Meeting, deliberating under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the statutory auditors' special report, pursuant to the provisions of the French Commercial Code, in particular Articles L. 225-129 et seq., L. 225-132 to L. 225-134, L. 22-10-49, and L. 228-91 and following:

1. **delegates** to the Board of Directors, with the power to sub-delegate under applicable laws and regulations, its authority to proceed, in one or more instalments, in such proportions and at such times as it shall determine, both in France and abroad, in euros or in foreign currencies, or in units of account denominated by reference to one or more currencies, financial or non-financial assets, or any other reference value, existing or future, with the issuance, with preferential subscription rights maintained, of shares of the Company and/or equity securities giving access to other equity securities and/or entitling to the allotment of debt securities and/or securities giving access to equity securities to be issued, including by way of free allotment of share subscription warrants, the subscription of which may be effected either in cash, or by set-off against certain, liquid and due receivables, or, in whole or in part, by capitalisation of reserves, retained earnings or share premiums;
2. **resolves** that the shares and securities giving access to the share capital of the Company referred to in paragraph 1 of this delegation may be issued following the exercise of a right attached to securities issued by any company of which the Company directly or indirectly holds more than half of the share capital, or by any company that directly or indirectly holds more than half of the share capital of the Company;
3. **resolves** that the total nominal amount of the share capital increases that may be effected immediately or in the future pursuant to this delegation shall not exceed a maximum amount of €5,000,000,000 (representing, on an indicative basis and on the basis of the current par value of the Company's shares of four euro cents, a maximum of 125 billion shares) or the equivalent in any other currencies or units of account denominated by reference to one or more currencies, financial or non-financial assets, or any other reference value, existing or future, it being specified that this amount shall count against the Global Cap I provided for in the 19th resolution of the Meeting. This cap shall be increased, where applicable, by the par value of the shares to be issued in order to (i) preserve, in accordance with applicable laws and regulations and, where applicable, contractual provisions providing for other preservation cases, the rights of the holders of securities or other rights giving access to the share capital of the Company, and (ii) ensure the treatment of fractional entitlements;
4. **resolves** that the securities giving access to the share capital of the Company so issued may consist of debt instruments or be associated with the issuance of such instruments, or may enable their issuance, as intermediate

5. **acknowledges** that this delegation entails a waiver by the shareholders of their preferential subscription rights to the equity securities of the Company to which the securities that may be issued on the basis of this delegation may give entitlement, immediately or in the future;

6. **resolves** that the shareholders may exercise, under the conditions provided by law, their preferential subscription rights on an irrevocable basis to the equity securities and/or other securities the issuance of which is decided by the Board of Directors pursuant to this resolution. The Board of Directors shall have the option to grant shareholders the right to subscribe on a reducible basis to a number of securities greater than the number they could subscribe on an irrevocable basis, proportionally to their subscription rights and, in any event, within the limits of their applications.

If subscriptions on an irrevocable basis, and, where applicable, on a reducible basis, have not absorbed the entirety of the equity securities and/or securities issued, the Board of Directors shall have the option, in such order as it shall determine, either to limit, in accordance with law, the issuance considered to the amount of the subscriptions received, provided that it reaches at least (where applicable, after using one or both of the following options) three quarters of the issuance initially decided, or to freely allocate all or part of the unsubscribed securities to persons of its choice, or similarly to offer to the public, on the French or international market, all or part of the unsubscribed securities, the Board of Directors being able to use all or some only of the options set out above;

7. **resolves** that, with respect to the preferential subscription rights attached to treasury shares, the Board of Directors may decide not to take such shares into account for the purpose of determining the preferential subscription rights attached to the other shares, to distribute the preferential subscription rights attached to treasury shares to shareholders on a pro rata basis in proportion to each shareholder's rights, or to sell them on the stock exchange;

8. **further** specifies that the Board of Directors, with the power to sub-delegate under applicable laws and regulations, shall have all powers to implement this resolution and may in particular:

- iii. decide to use shares acquired under a share buyback programme authorised by shareholders to deliver them in connection with the issuance of securities issued on the basis of this resolution;
- iv. take all measures to preserve the rights of holders of securities issued or other rights giving access to the share capital of the Company as required by applicable laws and regulations and contractual provisions;
- v. where applicable, suspend the exercise of the rights attached to such securities for a fixed period, in accordance with applicable laws and regulations and contractual provisions;
- vi. record the completion of all share capital increases and issuances of securities, carry out the consequential amendment of the Articles of Association, charge the issuance costs to the premiums and, if it deems it appropriate, deduct from the amount of the share capital increases the sums necessary to bring the legal reserve up to one-tenth of the new share capital; and
- vii. take all measures and carry out all formalities required for the admission to trading of the securities created;

9. **acknowledges** that, in the event that the Board of Directors should use the delegation of authority granted to it in this resolution, it will report to the next ordinary general meeting, in accordance with the applicable laws and regulations; and

10. **resolves** that this delegation is granted for a period of 26 months from the date of the Meeting. This delegation supersedes, with effect from this day, any prior delegation having the same object. It therefore supersedes the delegation granted by the general meeting of 10 June 2025 under its 8th resolution.

Resolution No. 15 – Delegation of authority to the Board of Directors to increase the share capital by issuing shares and/or equity securities giving access to other equity securities and/or entitling to the allotment of debt securities and/or securities giving access to equity securities to be issued, with cancellation of preferential subscription rights, in the context of public offerings referred to in paragraph 1° of Article L. 411-2 of the French Monetary and Financial Code ("private placement")

The Meeting, deliberating under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the statutory auditors' special report, pursuant to the provisions of the French Commercial Code, in particular Articles L. 225-129 et seq., L. 225-135, L. 225-136, L. 22-10-49, L. 22-10-51, L. 22-10-52 and L. 228-91 and following:

and/or securities giving access to the share capital, the subscription of which may be effected either in cash, or by set-off against certain, liquid and due receivables;

2. **resolves** that the shares and securities giving access to the share capital of the Company referred to in paragraph 1 may be issued following the exercise of a right attached to securities issued by any company of which the Company directly or indirectly holds more than half of the share capital, or vice versa;

3. **resolves** that the total nominal amount of the share capital increases that may be effected immediately or in the future pursuant to this delegation shall not exceed a maximum amount of €5,000,000,000 (representing, on an indicative basis and on the basis of the current par value of the Company's shares of four euro cents, a maximum of 125 billion shares) or the equivalent in any other currencies or units of account denominated by reference to one or more currencies, financial or non-financial assets, or any other reference value, existing or future, it being specified that (i) this amount may not, however, exceed the limit set by applicable laws and regulations on the date of the issuance (currently 30% of the share capital over a 12-month period), such limit being assessed at any point in time, applying to a share capital adjusted to reflect transactions affecting it after the Meeting and without taking into account the nominal amount of the share capital that may be increased by the exercise of all rights and securities already issued and the exercise of which is deferred, and (ii) it shall count against the Global Cap I provided for in the 19th resolution of the Meeting. This cap shall be increased, where applicable, by the par value of the shares to be issued in order to (i) preserve, in accordance with applicable laws and regulations and, where applicable, contractual provisions providing for other preservation cases, the rights of holders of securities or other rights giving access to the share capital of the Company, and (ii) ensure the treatment of fractional entitlements;

The maximum aggregate nominal amount of the issuances of debt instruments that could be effected immediately or in the future on the basis of this resolution shall not exceed €100,000,000,000 or its equivalent in any other currencies or units of account denominated by reference to one or more currencies, financial or non-financial assets, or any other reference value, existing or future, it being specified that this amount shall count against the Global Cap II provided for in the 19th resolution of the Meeting;

6. **acknowledges** that this delegation entails a waiver by the shareholders of their preferential subscription rights to the equity securities of the Company to which the securities that may be issued on the basis of this delegation may give entitlement, immediately or in the future;

7. **resolves** that if subscriptions have not absorbed the entirety of the equity securities and/or other securities issued, the Board of Directors shall have the option to limit, in accordance with law, the issuance to the amount of the subscriptions received;

8. **resolves** that, for the issue price of the shares or securities issued pursuant to this delegation:

securities, at least equal to one of the values a), b) or c) indicated in 1) above and chosen and determined as indicated in 1) above;

9. **further specifies** that the Board of Directors, with power to sub-delegate in accordance with applicable laws and regulations, shall have full authority to implement this resolution and may, in particular:

11. **resolves** that this delegation is granted for a period of 26 months from the date of the Meeting. As from today, this delegation supersedes and renders ineffective any prior delegation having the same purpose. It therefore supersedes and renders ineffective the delegation granted by the General Meeting of 10 June 2025 pursuant to its 10th resolution.

1. **resolves** that the nominal amount of share capital increases that may be carried out, whether immediately or in the future, pursuant to the 13th to 18th resolutions of the General Meeting, may not exceed EUR 5,000,000,000 (representing, for indicative purposes only and based on the current nominal value of the Company's shares of four euro cents, a maximum of 125 billion shares), or the equivalent thereof in any other currencies or in units of account determined by reference to one or more currencies, financial or non-financial assets, or any other existing or future benchmark of value, it being specified that such amount shall be increased, where applicable, by the additional nominal amount of shares to be issued in order to (i) preserve, in accordance with applicable law and, where applicable, contractual stipulations providing for other adjustment mechanisms, the rights of holders of securities giving rights to shares, and (ii) ensure the treatment of fractional entitlements (the "**Global Limit I**"); and

2. **further resolves** that the aggregate maximum nominal amount of debt securities issuances that may be carried out, whether immediately or in the future, pursuant to the 13th to 18th resolutions of the General Meeting, may not exceed EUR 100,000,000,000 or the equivalent thereof in any currency or in units of account determined by reference to one or more currencies, financial or non-financial assets, or any other existing or future benchmark of value, as of the date of the issuance decision (the "**Global Limit II**").

The Meeting, deliberating under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the statutory auditors' special report, pursuant to the provisions of Articles L. 225-129-2, L. 225-129-6, L. 225-138 and L. 225-138-1 of the French Commercial Code and Articles L. 3332-18 et seq. of the French Labour Code:

3. **resolves** that the nominal amount of the share capital increases that may be effected immediately or in the future pursuant to this delegation shall not exceed a number of shares representing at most 3% of the share capital of the Company at the date of the Meeting;

4. **resolves** that the subscription price of the shares issued pursuant to this delegation shall be determined in accordance with the provisions of Articles L. 3332-19 et seq. of the French Labour Code. When implementing this delegation, the Board of Directors may reduce the amount of any discount on a case-by-case basis, in particular due to tax, social security or accounting constraints applicable in the countries where the group entities participating in the capital increase operations are located. The Board of Directors may also decide to grant free shares to subscribers of new shares, in substitution for the discount and/or by way of matching contribution.

5. **resolves** that the Board of Directors shall have full powers, with authority to sub-delegate in accordance with applicable laws and regulations, to implement this delegation, within the limits and subject to the conditions set out above, and in particular to:

- i. decide on the issuance of new shares of the Company;

- v. record the completion of all share capital increases, make the corresponding amendments to the by-laws, charge issuance costs against share premiums and, if it deems appropriate, deduct from the amount of the capital increases the sums necessary to allocate the legal reserve up to one-tenth of the new share capital;
- vi. take all actions and complete all formalities required for the admission to trading of the securities issued;

6. **acknowledges** that, in the event that the Board of Directors were to make use of the delegation of authority granted to it under this resolution, it shall report thereon to the next ordinary general meeting, in accordance with applicable laws and regulations; and

7. **resolves** that this delegation is granted for a period of 26 months as from the General Meeting. Resolution No. 21 – Authorisation granted to the Board of Directors to allot existing or new shares free of charge to members of staff of the Company or its subsidiaries

The Meeting, deliberating under the quorum and majority conditions required for extraordinary general meetings, having deliberated thereon, and having reviewed the Board of Directors' report and the statutory auditors' special report, pursuant to the provisions of Articles L. 225-197-1 to L. 225-197-5 and L. 22-10-59 and L. 22-10-60 of the French Commercial Code, authorises the Board of Directors to proceed, in favour of eligible members of staff of the Company and its consolidated subsidiaries, with a free allotment of shares representing 15% of the share capital of the Company at the date of use of this resolution, whether existing or new (the "**Free Shares**"), it being specified that this amount does not take into account any adjustments that may be made in accordance with applicable laws and regulations and, where applicable, contractual provisions providing for other adjustment cases, to preserve the rights of beneficiaries of the allotments referred to in this resolution.

(1) Share capital increase

The share capital increase resulting from the creation of the Free Shares shall be effected by a special capitalisation of all or part of available reserve accounts and, in particular, the "share premium" account. The Meeting takes note that this resolution entails an automatic waiver by the shareholders, in favour of the beneficiaries of Free Shares, of the portion of said reserves.

(2) Vesting period

The Board of Directors shall set, at each allotment, a vesting period of at least one year (at the end of which the allotment of existing or new shares becomes definitive), which may be followed by a holding period of at least one year; it being understood that the vesting period, or the aggregate of the vesting period and the holding period, may not be less than two years.

However, in the event that the beneficiary suffers an incapacity classified in the second or third of the categories provided for in Article 341-4 of the French Social Security Code (or its equivalent under applicable foreign law), the Free Shares may be definitively allotted to such beneficiary before the end of the remaining vesting period, and such shares shall then be freely transferable.

(3) Delegation of powers to the Board of Directors

The Meeting grants to the Board of Directors, with the power to sub-delegate, all powers to proceed with the allotment of Free Shares and in particular to:

- determine the eligibility conditions and, where applicable, the conditions for definitive vesting (and where applicable, decide to waive such conditions) applicable to the eligible members of staff of the Company or its subsidiaries;
- determine the identity of the beneficiaries and the number of Free Shares allotted to each of them;
- establish the rules of the Free Share allotment plan;
- set, under the conditions and limits provided by applicable laws and regulations, the dates on which Free Shares will be allotted;
- record the completion of the share capital increase resulting from such allotment at the end of the vesting period;
- set the dividend entitlement date, even retroactively, of the Free Shares to be issued; and
- do, within the framework of applicable legislation, everything that the implementation of this authorisation requires.

This authorisation is granted for a period of 38 months from the date of the Meeting. This authorisation supersedes, with effect from this day, any prior authorisation having the same object. It therefore supersedes the delegation granted by the general meeting of 10 June 2025 under its 14th resolution.

3. **resolves** that fractional entitlements shall not be negotiable and that the corresponding shares shall be sold and the proceeds of such sale shall be allocated to the holders of the rights under the conditions provided by applicable law and regulations;

4. **grants** full powers to the Board of Directors, with authority to sub-delegate in accordance with applicable laws and regulations, to implement this delegation and, in particular, to:

- determine the dates, terms and conditions and other characteristics of the issuances;
- set the amounts to be issued and, more generally, take all measures necessary to ensure the successful completion thereof;

- carry out all acts and formalities required to render the corresponding capital increase(s) definitive;
- record the share capital increase;
- apply for the listing of the issued securities and make the corresponding amendments to the by-laws;

5. **acknowledges** that, in the event that the Board of Directors were to make use of the delegation of authority granted to it under this resolution, the Board of Directors shall report to the next ordinary General Meeting, in accordance with applicable laws and regulations, on the use made of the authorisations granted under this resolution.

6. **resolves** that this delegation is granted for a period of 26 months as from the General Meeting. 3. **acknowledges** that, pursuant to Article 6 of Decree No. 48-1683 of 30 October 1948, shareholders holding a number of old shares less than the number required to proceed with the consolidation will be required to purchase or sell shares as necessary to complete the consolidation within a period of thirty days from the commencement of the consolidation operations;

4. **acknowledges** that shares that cannot be individually allotted and that correspond to fractional entitlements shall be sold under the conditions and procedures of Articles L. 228-6-1 and R. 228-12 of the French Commercial Code, and that the proceeds of such sale shall be distributed proportionally to the fractional entitlements of each rights holder;

5. **acknowledges** that, at the end of the consolidation period, shares that have not been consolidated shall lose their voting rights and shall no longer be included in the calculation of the quorum, and their rights to future dividends shall be suspended, it being specified that consolidated shares shall then each carry one vote;

6. **resolves** that the new shares resulting from the consolidation shall have the same characteristics and confer the same rights as the old shares they replace;
